EDUCATION

Carnegie Mellon University PhD in Software Engineering (in progress)
Oberlin College Bachelor of Arts in Computer Science and Mathematics
With a Concentration in Cognitive Science

August 2020 - Present August 2016 - May 2020 (Major) GPA: (3.77) 3.71

EXPERIENCES

Support Portal at IBM

Summer 2020

Software Engineer Intern on IBM's CIO Toolbox Team

Raleigh, NC

Conducted user research with administrators to reveal internal productivity painpoints and devise solutions Developed drivers in Slack and Github to provide self-service features that normally require admin privileges

Interactive Terminal Application for IBM's Multicloud Manager

Summer 2019

Extreme Blue Technical Intern, managed by Ross Grady

Raleigh, NC

Conducted user research and developed vi-based tool for multicloud applications using Python's curses library Co-created the multicloud-incident-response-navigator project, open-sourced on IBM's public cloud

UNAKITE Chrome Extension

Summer 2018-2019

REUSE Program at Carnegie Mellon University, advised by Brad Myers & Aniket Kittur Pittsburgh, PA Conducted user studies at the HCI institute, designed and implemented interface improvements using React Published and presented findings at 2018 VL/HCC and continued research through remote collaboration

Characterizing and Separating Magnetic Nanoparticles

2016 - 2018

STRONG Pre-First-Year Program, advised by Yumi Ijiri

Oberlin, OH

Assisted in making design improvements for a nanoparticle separation channel after testing with a prototype Used <u>Jupyter Notebook</u> to fit polarization-analyzed small-angle neutron-scattering data from 16 conditions Analyzed and presented findings on behavior and interactions of manganese ferrite nanoparticles

Technical languages: Python, React & Angular JS, La Tex, Git, Java, C^{++} , CSS/HTML, Bash, Shell, Swift

VOLUNTEERING

Web Development for Digital Yearbook

Summer 2020

Designed and implemented visual layout to the digital yearbook using Omeka Classic, CSS, HTML and PHP

Computer Science Majors Committee Member

Fall 2018 - current

Organized department activities, updated committee websites, held weekly office hours

ACTIVITIES & AWARDS

IBM North America 2020 Intern Hackathon

Summer 2020

Teaching Assistant (office hour holder, grader, lab helper, dedicated tutor) Spring 2017 - current

Uncovering Covid Course Workshop Leader

Spring 2020

2020 Annual R.J. Thomas Award for an Outstanding Computer Science Student

SOAR (Sophomore Opportunities & Academic Resources) Leader

Fall 2019 - Spring 2020

Clare Boothe Luce Scholarship at Oberlin College

Fall 2018 - Spring 2019

Honorary Mention 2017 in ACM ICPC East Central NA Regional Contest

Fall 2017

\$500

PennApps XVIII Hackathon

Fall 2018
